Alderman Bonilla: I want to provide clarity on the new parking meters that we have. The meters are at a specific height to meet ADA compliance, especially for those with limited mobility. I just wanted to provide that clarity as to why the meters are at that specific height, especially downtown.

Chairman Vincent: I appreciate that. I would also bring that up during the Board meeting tonight, as well.

*There being no further business, on motion of **Alderman Barry**, duly seconded by **Alderman Dexter**, it was voted to adjourn.*

A True Record. Attest.
